Thorncliffe Park Community Hub

2026

The Neighbourhoods of Thorncliffe Park & Flemington Park

39,599 people live in the neighbourhood.

Thorncliffe Park and Flemington Park are located in the Overlea & Don Mills area of East York. Almost 62.5 per cent of the population are newcomers to Canada and bring with them a rich collection of cultures that make the community vibrant. But the area also faces

barriers to reaching its full potential. There is a high concentration of poverty, with 22.9 per cent of families living on low incomes and 75.7 per cent of the community are renters. The youth population is high at 13 per cent and youth lack access to safe public spaces, programs and services, and face a high unemployment rate.

17.3% is the unemployment rate for the neighbourhood compared to 13.8% for the city as a whole.

22.9%

of families are living on low incomes.

52.7%

of the neighbourhood population has post-secondary education. (62.4% City-wide)

13%

of the population are youth aged 15-24 years old.

Thorncliffe Park Community Hub

Size: 67,000 Square Feet

Opened: January 2025

Agencies in Hub: The Neighbourhood Organization (lead agency)

- Health Access Thorncliffe Park
- Toronto Public Health Dental and Oral Health Services
- Closing the Gap Healthcare
- The Midwives of East York Don Valley
- Don Valley Community Legal Services

Services: Health services (including access to doctors, nurses, dietitians, dentists and health education), mental health supports; wellness programs for seniors; employment, trades, and entrepreneurship programs for youth; legal services; settlement services and language programs for newcomers; pre- and post-natal services; EarlyON and childcare services; community food centre; resident engagement programs and volunteer opportunities.

Since it opened its doors, the Hub has had a significant impact in the community (updated as of Mar. 2026):

242,447

The total number of visits that have been made to the Hub, giving a sense of how many community members are making use of vital programs and services at the Hub.

33,133

The number of visits to the Hub by children who accessed programs and services.

21,321

The number of visits by seniors, demonstrating how the Hub is addressing service gaps for this population, significant within the area.

3,553

The number of times residents have participated in activities in community space, demonstrating how the Hub provides opportunities for residents to connect and participate in local events.
